

A contemporary bar
design by power design
team Engler Skogmo.

BEST INTERIOR DESIGNER *Engler Skogmo*

When it came to choosing the location for their business, Linda Engler says it was a no-brainer; she has lived in Edina most of her life (including presently) and Talla Skogmo lives nearby in Bloomington. Engler Skogmo Interior Design's staff of just eight (including administrative personnel) complete about 35 to 40 projects each year. They focus on every step of the design process, from construction to furniture selection.

"We guide the client through an efficient and thorough decision-making process that culminates in beautiful, livable and well-edited interiors," says Engler, an ASID-accredited interior designer for 27 years. Skogmo, the other half of the power design duo, has been designing for about 35 years. The pair opened their business in January 2004 and hope for many more years in Edina. 5100 Edina Industrial Blvd., Ste. 200; 952.746.2007; englerskogmo.com

Runner-up: Michelle Lohrding Interiors **Third place (tie):** Gabberts and Katie Bassett Interiors
